

# Gorgeous Gloves Workshop

## Materials

### Yarn

Choose either fingering, double knitting or worsted weight for your gloves.  
Approximately 100 grams plus 2 -3 colors for fancy cuffs.

### Needles

Two circular knitting needles, the same size are used.  
They can be of different lengths and material; i.e. 1 of bamboo and 1 of metal.  
The gauge for gloves is tighter than a sweater, i.e. 6 to 9sts per inch therefore:

Fingering weight yarn #0 or #1  
Double Knitting yarn #1 -#3  
Worsted weight yarn #2-#4

Bring your usual knitting accessories, and several large safety pins to use as holders.

Most of all bring your enthusiasm for learning a new technique.

### Classroom Etiquette

Due to some student's allergies, I ask that you refrain from using perfume.
